Dear Claimants,

IDWR has been notified the address presently in our claim records is incorrect. Although we have reached you at the address above, we need you to confirm this is your correct mailing address. Future notices related to your SRBA claim(s) can be sent only to the address on your claim or as otherwise changed by you. The staff of this agency must avoid relying upon the word of others about your mailing address.

If the address above is correct, please sign your name at the bottom of this letter, and return it to this office. Otherwise, please make the proper corrections, sign, and return this letter. Thank you for your help. We hope to assure that you receive future notices about SRBA matters.

If the ownership of the property to which the water right(s) referenced above apply has changed, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the claim record.

Sincerely,

Adjudication Bureau Staff

CLAIMANT'S NAME: Woody, Robert T. & Sharon M. _____ DATE: 11/4/92 _____

COUNTY: Washington _____

I sent a letter to the Woodys asking that they make the necessary changes to the claims and sign and return those claims so that we could change the POUs to include only the lands described in the deed. See the letter dated 8/3/92. We received no response from the Woodys. Since no response was received, the federal lands were not removed from the A records, nor were the quarter-quarters that were mistakenly claimed. They were removed from the R records, however. If BLM doesn't claim those quarter-quarters, the reviewer may find it appropriate to recommend them as a part of these rights. The BLM owned land that was removed from the R records was: NWNE S3 & SWNW S4, T14N R4W on Claim R67-10695; SWSE, SESE S31 & SWSW, SESW S35, T15N R4W on Claim R67-10696. The lands which Mr. Barinaga stated were mistakenly claimed and were then removed from R67-10696 were: SWNW, NWSW S20 & SWSW S28, T15N R4W. Another item worthy of additional review is the apparent mistake on Mr. Barinaga's part in his 1/21/91 letter. He described the NWNW S3 & SWNE S4 instead of those which I removed, the NWNE S3 & SWNW S4 of T14N R4W.

RE: Snake River Basin Adjudication (SRBA)
Washington County, Claims A67-10694, A67-10695, &
A67-10696

Dear Claimants:

We are writing with regard to a Change in Ownership of a Water Right form which we received from the John Barinaga family. All correspondence up to this point has been with the Barinagas, but since they have stated that you are now the owners of the water rights, any further contact will be with you. Before we complete the change of ownership of the referenced water rights, there are a few items which we would like you to review.

There were originally questions as to the ownership of some of the land described on the claims. The uncertainties arose when a comparison was made between the claims and the deed conveying the Barinagas' land to you. There were a few quarter-quarters which had been claimed but were not described in the deed. According to a letter from John Barinaga, some of those quarter-quarters are owned by the federal government. There seems to be an error in the legal description of two of the quarter-quarters, however. For Claim A67-10695, apparently the lots he described as the NWNW Section 3 and the SWNE Section 4 of Township 14 N, Range 4 W should actually be the NWNE Section 3 and the SWNW Section 4 of the same Township and Range. Please confirm this. The letter from Mr. Barinaga is attached.

Mr. Barinaga went on to explain that some of the land originally described in Claim A67-10696 was improperly included and that they did not use those quarter-quarters for stock watering. Please check those legal descriptions and confirm whether they are lands which should not be included on the claim.

I have included an amended version of Claim A67-10696 for your review. The three legal descriptions which were mistakenly included on the original claim have been removed. In order for this amended claim to replace the original, it must be signed and notarized. Please review the claim before

signing and returning it and see that it correctly describes the water right.

Proof reports of claims A67-10695 and A67-10694 have been included for informational purposes. A map of the area has also been included to make your review of these claims easier.

Please return the amended claim to this office if you agree that the information is correct. If you disagree with the claim, make the appropriate changes on the claim and explain why those changes were made. I would appreciate your response by September 3, 1992. Thank you for your help and do not hesitate to contact me if you have any questions.

RE: Snake River Basin Adjudication (SRBA)
Washington County, Claims #A67-10695, A67-10696

Dear Claimants:

We are writing with regard to the Change in Ownership Form which we received from you. There are a few items which will require clarification before the completion of the change of ownership of the water right claims listed above.

On the form which you returned to our office, you stated that the change in ownership does not result in a splitting of the water rights claimed. However, there are some lands which you have claimed for stock watering which are not included in the deed we received from you. I have enclosed a map showing in pink the acres not included in the deed but described in the above claims for stock watering. Those in purple are the claimed acres covered by the deed. Also included are proof reports for the claims in question.

The main question we have is this: Do you intend to convey all of the water right to Mr. and Mrs. Woody? If this is NOT your intention, please continue reading for further explanation.

Claim A67-10695 describes two quarter-quarters which are not included in the deed: the NW NE of Section 3 and the SW NW of Section 4, both in T14N R4W. From our data, it appears that land may be owned by the federal government. If that is the case and the land is used for stock watering, please confirm that so we can include the information in the claim. If they are not used for stock watering, those quarter-quarters should be removed from the claim.

Claim A67-10696 describes seven quarter-quarters not included in the deed: the SW NW and NW SW of Section 20, the SW SW of Section 28, the SW SE and SE SE of Section 31, and the SW SW and SE SW of Section 35, all of these in T15N R4W. The federal government appears to own the SW SE and SE SE of Section 31 and the SW SW and SE SW of Section 35. As explained above, please confirm this or reduce the acreage accordingly. If any of these lands are not government

property, but are still owned by you and are used for stock watering, the water right claim should be split so that you do not lose those portions of the water right which still belong to you. Please indicate which quarter-quarters those may be and the portion of the total diversion rate and number of livestock which is used on those tracts. If they are not used for stock watering, they should be removed from the claim.

Please send the information to this office to my attention. Please respond to our questions before February 18, 1991. Do not hesitate to contact this office if you have any questions or concerns.

Dear Claimants:

Notice of the change in ownership of the above-referenced water rights has been received. Before the Claim to Water Rights records of the Department can be changed to reflect such notice, however, we must have the signature of each of the former claimants on a Change of Ownership form. I have enclosed that form for your use.

Upon receipt of the Change of Ownership form, signed by each of you, claims prepared from the Agency's computer will be sent to the new owners.

Please return the form to my attention. If you have any questions, please contact me.

RE: Barinaga water rights

To Whom it may concern,

Please take note that the enclosed copy of water right claims
need to be transferred as the Barinagas have sold this property.

Please call if you have any questions.

Sincerely,

Christy L. Vickers
