Dear Mr. Langley;

Enclosed you will find a copy of the warranty deed and change of ownership request which we used to determine the place of use and appurtenant water right claims for the property you sold to the Stones. I am also including a map. The area I highlighted in green is the portion purchased by the Stones.

I hope this information is helpful. We will be reviewing all claims filed in Washington county at a later date. In the meantime, if you find a discrepancy please feel free to contact me.

Sincerely,

Notice of Claim No. (s) A67-10743A, A67-10746A, A67-10749A

Dear Claimant:

Our office has received the change of ownership notice on the above referenced claim(s).

We have completed the ownership change and a copy of the claim(s) has been sent to the new owner.

If you have any questions concerning the above, please feel free to contact this office.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent
Adjudication Section

Please note: This ownership change has resulted in a split of the water right claims. You have the A portion of the right and the Stones have the B portion. The water quantity was pro-rated which yielded an inch to the acre. No change was made to the diversion locations.

If there has been a change in the diversion point, or the information is not correct, please notify us within 30 days of the date of this letter. If we do not hear from you, we will assume all is correct.
