Re: Idaho water right claim A24-02047

Dear Mr. Mortensen:

Idaho Department of Water Resources has asked me to do a field inspection of some water rights in the Star Valley area, so that the Department may make recommendations to the court in the Snake River Basin Adjudication. I understand that you have bought a piece of ground on Miller Creek from Boyd and Ione Wilkes.

Enclosed is a "Notice of Change in Water Right Ownership" which you can fill out and send to the Department, so that the water right is properly recorded in your name and so that you can receive official communication regarding the Adjudication process.

I also would like to meet with you to review the water use and to verify the irrigated lands and point of diversion. Please call me at (208) 681-9100. You may also call Idaho Department of Water Resources at (208) 525-7161 or (208) 547-3993.

Thank you,

Bryce A. Contor
