RE: Standard Form 5 in subcase 37-885A

Dear Mr. Speck:

Enclosed you will find a Standard Form 5 (SF5) for water right 37-885A, claimed by Marcia Ward, Priscilla and Katharine Woods. Attached to the SF5 is the updated recommendation of the right, prepared by Sr. Water Resource Agent Kelly Christensen, based in part on the discussion that occurred during the recent initial hearing.

Please review the water right recommendation carefully. If the change meets with your approval, please initial the recommendation page and sign page one of the SF5. Then please file the SF5 with the SRBA court. Should you have any questions concerning the recommendation, please contact Kelly at 208-334-2190.

Should you require any further assistance or have other questions, please contact me at 208-287-4816. Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Vicki Kelly", is written over a faint circular stamp.
