OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Diversion to storage for wildlife purposes under this right is limited to times when the pond is initially filling, or refilling due to evaporation losses from the pond. Water shall not be diverted for wildlife purposes under this right at times when water would flow through the pond for discharge back to the creek.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

The right holder shall accomplish the change authorized by approved transfer 74677 by June 25, 2009.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.

Failure of the right holder to comply with the conditions of approved transfer 74677 is cause for the Director to rescind approval of the transfer.

The approved transfer 74677 redefines all of the elements of this water right, and the new use(s) of water authorized by this approval shall constitute the full extent of the right.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
