Re: Schiess Creek water right A24-04076

Dear Mr. Stock:

Thank you for showing me your irrigation the other day, and reviewing the maps and photos with me. From the computer maps, it appears that the original use was about 46 acres, and the current use is 56.7 acres. The current claim is for only 40 acres.

The enclosed amended claim adjusts the original acres to 46 acres, adding six acres. The enclosed enlargement claim adds the additional 10.7 acres. These claims are written on a "permissible place of use" basis, so that water from either right may be used anywhere within the place of use.

Please review these carefully. If they appear to be correct and you wish to claim the additional acreage, please contact Cindy Bird regarding the additional fees required, and mail the claims to Ms. Bird with notarized signatures. Ms. Bird can be reached at 208 547-3993 or 15 West Center Street, Soda Springs ID 83276. Please call me at 208 681-9100 if you have questions.

Sincerely,

Bryce A. Contor
