Subject: Withdrawing my objection

Dear Special Master Dolan,

I would like to withdraw my objection to SRBA claim 24-10700. I originally objected to it because the claimant had claimed the source as Tincup Creek. I have been in this valley for many years and this farm was not irrigated from this source. The claimants realized the error and are amending there claims to correct the source and point of diversion. This has resolved my concerns and I'm will to withdraw my objection.

Sincerely,

A handwritten signature in cursive script that reads "Allen B Luthi".
