

Cindy, or Barbara.

I spoke with Sally at Boise office this a.m. She helped to fill out well water right.

Said to get these papers faxed, but if there was more I needed it was ok. I will be

sending #5 diversion details.

My brother Ed Jenkins will be paying filing fees.

He will also pick up deeds (copies) from title company going back to Ivan Nelson's purchase.

Sally said deeds need only go back to 1952 showing^{an} existing water right on property as shown by your map listing Ivan Nelson as having 2.44 acres w/ water.

Thank you

Doug Barney.

If you need these originals, please inform so I can send them.
