Dear Chris:

Thank you for returning the signed SF5s. When I received them, I noticed that you had missed initialing the revised recommendations. To expedite getting the SF5s filed, I went ahead and obtained IDWR's concurrence and am returning the originals to you so that you can initial the revised recommendations contained within the SF5s and file the original SF5s with the SRBA Court.

Sincerely,

A handwritten signature in cursive script that reads "Ray Williams".

EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

~~No lawful appropriation shown. There are a number of circumstances in which a claim is proposed to be disallowed on this basis. This is most commonly included for a claim based on beneficial use or posted notice that is proposed to be disallowed because the right claimed is not within an exception to the mandatory permit statute, and beneficial use of water prior to the mandatory permit statute was not confirmed. This is also included where a claim is proposed to be disallowed because the claim is to water that is not public water subject to appropriation. This is also included where a right was determined not to exist in a prior adjudication.~~
