Subject: Late Notice of Claim 74-15888 - Violation of the Mandatory Permit Statute

Hey,

A motion to file late notice of claim was received Oct 10, 2008.

A quick scan of the claim shows that the claimed priority date is in violation of the mandatory permit statute for surface water. There is no indication that this is an enlargement claim. I just thought this might be something you would want to bring up at the hearing.

Fees:

Filing fees show payment of \$114.20

The variable fees for this right were paid under 74-1025B and 74-1025E.

Filing fees should be:

\$ 50.00 claim fee (despite being from the Lemhi, this claim is based on B-use so there is a claim fee)

\$ 50.00 late fee

\$ 0.00 variable fee

Total = \$100.00

If this claim is accepted by the court, a refund of \$14.20 will need to be issued to the claimant.
