Re: Claim 75-2091K

Dear Mr. Egeland:

Enclosed is a new map and a preliminary recommendation reflecting the comments you made on the Notice of Error Reply.

Claim 75-2091K is based upon a previous water right license that has been split numerous times. Apportioning acreage and diversion rates to each of the splits cannot exceed the original license.

The claim made for 75-2091K, filed on April 23, 1996 was for the irrigation of 4.0 acres with a corresponding diversion rate claimed of 0.05 cfs. After reviewing your Notice of Error Reply, the department adjusted the acreage from 2.7 to 4.0 acres, the amount claimed, even though Lemhi County Tax Lot information indicates you own 5.63 acres, the department can only recommend the amount of acreage claimed.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin  
Water Resources Agent
