Re: SRBA Claim No. 24-6A

Dear Ms. Basset:

We tried in our letter of March 30, 2005, to explain the history of the water use on the property listed as the place of use under the above referenced SRBA claim. We do understand the discrepancy in the place of use, but can provide no other information except that when Mrs. Brown became familiar with the property in 1976, it was being irrigated the same as it is today. If a change was made between the time of the decree and 1976, we do not know of the date of that change, but it had been made at least by the time Mrs. Brown and her then husband, Nick W. Robinson, obtained the land in February of 1976. We are enclosing a copy of the deed from Ms. Robinson's parents to Nick W. Robinson and Janene Robinson. Mr. Robinson died early in their marriage and Janene Robinson later married one Kent Brown. She is the same Janene Robinson Brown who is the claimant under the above referenced SRBA claim. In addition to the warranty deed from Mr. Robinson's parents to Nick W. Robinson and Janene Robinson, we are enclosing a copy of the Deed of Distribution from Mr. Robinson's estate to Janene Robinson following his death.

We probably have no additional information to provide and the description of where the water is used and has been used since Mrs. Brown has had any familiarity with the property as best she can describe it, is shown in the claim.

Yours very truly,

Kent W. Foster
