Re: Snake River Basin Adjudication (SRBA)
Claim 24-2005B, 24-2012, 24-2004

Dear Ms. Payne:

Thank for your letter of March 2, 2005. I have reviewed the material within and have the following comments:

Claim 24-0212- It appears from your calculations that the area irrigated is 2.9 acres. The License on file with IDWR for this claim shows the POD in the SW/4NE/4 of Section 10, which I agree with. The License indicates the POU is in the NW/4NE/4 of Section 10. You will note from the aerial photo that this is a dryfarm and steep sidehill area, all over 50 feet above the level of Hassan Creek. It would be physically impossible for a ditch out of Hassan Creek to water the area shown as POU. Thus, it appears to me that an error was made on Water License No. 6130, and that the POU should have been the forty to the south, or SW/4NE/4 of Section 10. As requested, I have marked the POD on the map.

Claim 24-02005B- As requested, the POD has been marked on the map.

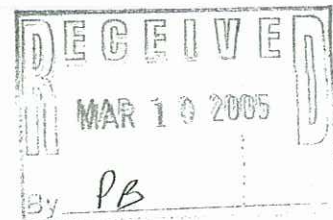

Claim A24-02004- As requested, the two POD's have been marked on the map.

Thank you for your assistance in resolving this. Please let me know if you have any questions.

Sincerely,

Ted C. Frome
