Afton, WY 83110

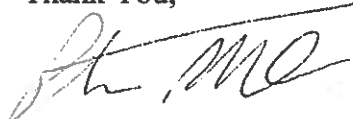

Ref.: 24-4062, 24-4069

Dear Ernie,

I did this quickly, but there were two basic problems with the existing outlines.

First they cut off both ends of the irrigated area. Second, They did not extend all the way to Crow Creek. I believe my outline is a much closer match to what is actually happening when I irrigate.

Thank You,

A handwritten signature in dark ink, appearing to read 'P. Riede', written over a horizontal line.

Peter Riede
