RE: *Water Right 37-7786 & Hanley Dawson*

Dear Mr. Jones:

Our firm recently took over the representation of Mr. Hanley Dawson as to issues involving water rights and transfers. Please forward any future correspondence to our firm.

A few weeks ago, we spoke briefly about water right 37-7786 and the fact that it was recommended for diversion and use on Mr. Dawson's property in Section 14, T5N, R17E. This recommendation is wrong. The water has never been appurtenant to that property. The *Notice of Claim* for this water right (attached to this letter), correctly identifies the point of diversion and place of use in Section 26, T5N, R17E.

This water is used on the property in Section 26. While Mr. Dawson is in the chain of title for the Section 26 land, he no longer owns that property. The Department should notify the new owner of the recommendation, so that a *Notice of Change of Ownership*, and any late objections that may be necessary, can be filed.

Please feel free to give me a call if you have any questions.

Yours truly,

Paul L. Arrington

I was advised by the County Assessor to talk to her Attorney to get the accurate location of her property so This morning I stopped by Jim Speck office and visited briefly with him about this water right file and he informed me that this property is 13505 Hiway 75 and he told me that I could get the necessary info from the caretaker of the property at # 726-9533 , I thanked Jim for the info and proceeded North of Ketchum to Joyce,s property and called the caretaker for a meeting with him about the well. The caretaker advised me that there is two pumps in one well . There is a main home and a guest house and the property looks all irrigated.
