RE: Filing motions for objection and motions to set aside partial decree for 75-2091C, 75-2091E, 75-2091H, 75-2091J, 75-2091K, 75-2091L, 75-2091M and 75-2091N

Dear Mr. and Mrs. Hoy:

Thank you for taking the time to speak with me the other day about water rights on the North Fork. As you mentioned, you are interested in having water right 75-2091 reexamined. You filed a Motion to Alter or Amend your water right with the court earlier this year to have your water right increased in flow rate and acreage. As we discussed, all the water right has been allocated among the splits of 75-2091 and there is no way for IDWR to allocate additional water to your property without reapportioning the water.

The best way to reopen investigation into 75-2091 at this point is for you to write a letter to the SRBA district court and explain you understand the only way to have your water right potentially increased is by protesting all the splits of 75-2091. You will also need to mention in your letter that you wish it to be a protest to 75-2091E, 75-2091E, 75-2091H, 75-2091K, 75-2091L, 75-2091M and Motions to Set Aside Partial Decrees for 75-2091C and 75-2091J.

You can reach the SRBA district court at:
