RE: Water Right #74-341 and Water Right #74-15196

Dear Special Master Dolan,

We have decided not to amend Water Right #74-341 with an early season of use, so there should no longer be any objection to it becoming a Water Right.

Instead, we are submitting Water Right #74-15196 as amended, with the early season of use, (1/15/ to 11/15/).

Sincerely,

Handwritten signatures of F. James Whittaker and Paula J. Whittaker. The signature of F. James Whittaker is written over the signature of Paula J. Whittaker.
