Re: Coeur d'Alene-Spokane River Basin Adjudication
Claim(s): 95-10337 (*portion of 95-7773*) & 95-10339 (*portion of 95-7253*)

Dear Mr. Coyle,

Per our conversation on April 9, 2009, I am sending you several documents.

Enclosed are two adjudication claims along with a map, and a copy of the original water right record for which these claims are based.

95-10337 is the claim for a portion of original license 95-7773
95-10339 is the claim for a portion of original license 95-7253.

The original license record also includes the field examiners report that was done at the time. The old maps show the location of the place of use and point of diversion for each water right.

I am sending you a copy of a third license applicable to your property, 95-7254. This is the licensed for your domestic use, and the domestic use for many of your neighbors I assume. Look over the license and if you would like to file your own individual claim for a portion of 95-7254, I will be happy to help you through the process.

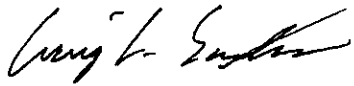

Finally, I am enclosing a map of my interpretation of the place of use and point of diversion described in licenses 95-7253 and 95-7773 in relation to your properties. This is meant to give you an idea of how I came up with the acreages for 95-10337 and 95-10339.

Take a look at the claims and initial any changes you wish to make. When satisfied, submit the signed claims with the appropriate filing fees to myself here in the Boise office, or to the Northern Region office of IDWR in Coeur d'Alene.
