This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached and that this stipulation resolves the objections to the quantity of the stockwater component of this water right. **The parties and IDWR acknowledge that the objections to the Director's Report filed by the Shoshone-Bannock Tribe and the Bureau of Indian Affairs objections concerning an annual irrigation diversion volume are still outstanding.** The parties and IDWR have further indicated their concurrence by initialing the attached page.
