RE: Check Destroyed

Unnumbered and uncashed check and dated 2-17-06 was destroyed by me today after marking out the account number. This check was in the amount of \$50, inadvertently held by the SRBA Court after property was sold. This check has been scanned and profiled along with the rest of the correspondence relating to it.

Bureau Chief Don Shaff asked me to write a brief memo to the file documenting my actions and reason for destroying the check.

See related documents in the file and scanned.
