Attention: Mr. F.G. Hitchcock

Dear Mr. Hitchcock,

Thank you for your recent correspondence and for forwarding a "Notice of Change of Ownership" form. We were working on filling out the form that we had and in our effort to fill it out correctly, we spoiled it. Thank you very much for staying in touch.

Since our conversation of 1/14/94, we have been trying to gather information about the irrigation history of our property. From what we can determine, a Mr. Wayne Baker of Clayton, I.D. (affidavit enclosed) irrigated lot 21 in 1985, 1986 & 1987. The property was then sold to C.W. Investments of Reno, N. V. who made a "Notice of Claim to a Water Right" application, I.D. # A72-00230N on 1/10/90. After that claim was filed, we can find no other correspondence showing an approval of C.W. Investments water right claim from your office. It would appear that no judgment was ever made concerning C.W. Investments claim. If C.W. Investments was awaiting judgment and therefore did not irrigate, then as far as we can tell, 5 years may have lapsed since it was last irrigated.

As the new owner of this property, I respectfully request a recommendation allowing for future irrigation from the drainage ditch as was done by Mr. Wayne Baker. We have immediate landscaping and livestock plans for this property that would greatly benefit from irrigation. Also I feel the value of this property would be greatly impacted by the loss of this water right.

Prior to the closing of this real estate deal for this property, Robie Real Estate advised that the property did come with full water rights from the East Fork of the Salmon as well as the drainage ditch passing along it's corner. At the eleventh hour, proof of this documentation was not provided and in fact no one from Robie Real Estate could be found. We chose to go ahead and close the deal in good faith hoping that the correct documentation would be provided. Needless to say this has not

happened. We were extremely disappointed and feel we were misled.

I hope the above information is of help to you and if there is anything we can do to help this request please let us know.

thank-you very much

Dear Mr. Cowles:

Your letter dated February 11, 1994 was recieved here on February 14, 1994 and the Certified Mail receipt signed for return.

The information recited clarifies how the incomplete claim forms were filled out. Your mention of the Water Rights Proof Reading Reports dated 9-22-1987 documenting the answers to the incomplete fields in your claims forms indicates that you are satisified with Mr. Worstell's work in completing your claims.

Thank you for your effort in clarifying the source of the information inserted into the forms after they were recieved by us.

Yours Truly,

RECEIVED

FEB 14 1994

Department of Water Resources
Southern Region Office

Dear Mr. Hitchcock,

In response to your letter of 1/31/94, SRBA Claims: A72-00176F, 00230J, 00230K, 00230L, 00230M, 00230N were completed with considerable help from Mr. Worstell of the IDWR staff. The cooperative relationship between Mr. Boyer (acting as my agent) and Mr. Worstell is documented by 1) Mr. Boyer's letter of 1/4/90 to Mr. Worstell, 2) five or more telephone conversations to Mr. Worstell logged by Mr. Boyer between 10/31/89 and 6/29/90, and 3) certified mail receipts dated 1/7/90 and 1/12/90. At our request, Mr. Worstell completed questions 2,4,5 and was to plot the point of diversion in order to complete question #15 on the "Notice Of Claim" forms prior to the filing deadline. This is documented by draft forms in our possession, by his initials on the certified mail receipt dated 1/7/90, and his logged phone call to Jeff Boyer on 1/9/90 in which he suggested that we file a second claim on an alternate source for the water right on Lot 6, Block 1.

The competent help of Mr. Worstell was very much appreciated and was necessary on those questions that involved local inspections of physical features (i.e., #4, #5 and the P.O.D. for #15) and on questions relating to existing water right decrees (i.e., #2). Since completion of the filings, we verified the information provided by Mr. Worstell. I have copies of the "Water Rights Proof Reading Reports" dated 9/22/87 that document answers to Questions #2 and #15, and have confirmed answers to Questions #4, #5, and #15 with Mrs. Baker (one of the local irrigators) by telephone.

In order to clarify your broader questions regarding these filings, it was our clear understanding (based on several conversations between Mr. Boyer and Mr. Worstell before and after the filings were made) that it was the intent of the Department to help complete these filings where knowledge of local decrees or specific physical features was required. On several occasions Mr. Boyer was assured that the applications could be completed WITHOUT our direct observation. We were given the distinct impression that this type of assistance was absolutely normal and customary.

We believe this should answer the questions raised in your letter and would appreciate a written response to that effect.

Sincerely,

A handwritten signature in cursive script, reading "Robert Cowles". The signature is written in dark ink and is positioned to the left of the printed name.

Dear Sirs:

I am currently reviewing the claims you submitted on January 8, 1990, as part of our field exams completed in the East Fork Subdivision last summer. I enclose a copy of the cover letter we recieved with the claims that describes incomplete responses to fields 2, 4, 5, and 12.

There aren't any notes in the file to show any basis for information to complete these essential parts of the claims. In order to complete my review of these claims I need to have a written reply over your signature identifying the information for each water use claimed for each lot.

I can't tell from the forms how the information for each claim was filled in. None of the maps in each claim have a point of diversion shown. All of the sections are filled in on the original forms but there is no way of determining the source of the information as the letter states that these fields couldn't be answered by Jeff Boyer who signed the letter and submitted the fees.

Your written response must reach me by February 15, 1994. We are working towards a deadline in order to report our recommendations to claimants and ultimately to the court.

Yours Truly,

Francis G. Hitchcock

Dear Bob,

Enclosed are eight water right applications Form No. 42-1409(2)a, along with 2 checks to cover filing fees.

I have enclosed one complete copy of "The East Fork" subdivision map and attached an abbreviated version of same to each respective application with the individual lot highlighted. I hope the extra maps will help with your review of the applications.

As we discussed I would appreciate your help with Question Numbers 2,4,5, and 15 on each application. The forms are returned with the yellow, applicants copy, attached because the answers to these questions are not complete.

If I can help with any questions, please call me at (702) 784-5242.

Thankyou very much for all your help in completing these applications.

The rate per acre calculations are based upon a 300 foot run at a 2% slope. An 8 hour set time was also used. Individual graded border evaluations, soil characteristics work sheets, and peak irrigation diversion requirement work sheets have been created and archived separately for each soil type.

Where actual rotation is shorter than the optimal rotation, optimal rotation is the criteria to be used for the recommendation analysis and, therefore, the rotation percentage adjustment is not necessary. The rate becomes the acres per soil type times the rate per acre from the above chart.

SUBJECT: Review of Fridolin Leuzinger's Decreed Rights on East Fork Salmon River

In the decree of 10-31-1921, James Bradshaw, et al., vs. Jacob Leuzinger and Fridolin Leuzinger, Fridolin Leuzinger was decreed 20 inches of the waters of Road Creek (4-1-1874) and 520 inches of East Fork Salmon River (4-1-1910) for lands identified in

T. 10 N., R. 18 E.

Section 13: NE4NW4, S2NW4, N2SW4, SW4SW4

24: NW4NE4, N2NW4

In the decree of 7-26-1933, Raymond Gossi, et al., vs. Phillip Gossi, Fridolin Leuzinger was decreed an additional 120 inches of the waters of East Fork Salmon River (5-1-1880) for lands not listed in the decree of 10-31-1921.

T. 10 N., R. 18 E.

Section 24: S2NW4, NE4SW4

The decree of 2-14-1938, Rosa A. Gossi, et al., vs. Paul Giampedraglia, et al. decreed rights on the East Fork Salmon River and named tributaries. Fredolin Leuzinger and his lands in the two prior decrees on East Fork Salmon River were enjoined in this decree:

T. 10 N., R. 18 E.

Section 13: NE4NW4 (11.36 ac.), S2NW4, N2SW4, SW4SW4

24: NW4, NW4NE4, NE4SW4

This decree supercedes all rights on the East Fork Salmon River leaving in effect all rights on Road Creek aka Marsh Creek in the decree of 10-31-1921 as this creek was not a named tributary in the decree.
