RE: Snake River Basin Adjudication - Custer County
Notice of Claim #A72-00176J and #A72-00230T

Dear Mr. Quinn:

Our records indicate you met with an IDWR agent on May 9, 1990 and a notice of claim to a water right was developed, but has not been filed as of this date.

Enclosed for your convenience is a computer generated notice of claim for each claim number listed above. If the claim(s) represent water rights which you own, and have not otherwise been claimed, these claim(s) must be completed and returned for these rights to be considered by the court in decreeing the water rights for the basin. If you wish to have these rights considered in the SRBA process, please return your notice of claim and filing fees to this office by May 1, 1992.

If the notice of claim correctly describes your water right as you wish to claim it, then all you need to do is:

1. Sign the notice of claim on the signature blanks at the end of the notice and have your signature(s) notarized.
2. Enclose the appropriate filing fees as described below and return to this office.

Since your notice of claim was not received at IDWR by your county deadline, Idaho Code 42-1409(8) requires late fees be assessed at \$50.00 or 15% of the original filing fee, whichever is greater, per claim. If you feel you have a compelling reason for not complying with your county deadline, please contact our office.

The appropriate filing fee for all enclosed notice of claim forms would be \$210.00 (\$110.00 filing fee, plus \$100.00 late fee).

Thank you for your cooperation in this matter. If you have any questions or concerns do not hesitate to contact this office at 1-800-451-4129.

Yours truly,

Anna Baumhoff
Sr. Water Rights Agent

RECEIVED

I'm finally getting around to some housekeeping items that I've noted in the past.

As attorney of record for the Maloneys for their claims on Blk 2, Lot 8 of the East Fork Subdivision (A27-00176B and A72-00230D for Road Creek and Salmon River, East Fork respectively) do you want me to code the claims for their recent purchase of Lot 8 to show you as the attorney?

Not a big deal.

We are spending a lopsided chunk of time data entering on the domestic claims for the partial decrees which is another reminder of the tail of the dog. There is talk of proceeding to Basins 71 and 72 to do the domestics up your way next. Whee!

Let me know if you want the A code to be added. Best to all.

Sincerely,

Frank -

Do the code, but I'm sure copies of any notices should also go to Maloney as well. Their address now is:

RE: LOT 7 BLOCK 2 EAST FORK SUBDIVISION-SRBA CLAIMS

Hello Jim:

I was pleased to get your request and appreciate your thinking of me regarding hanging. Things in the adjudication continue to be muddled at best. Basin Wide 9 and 9A were interesting reading for me as it must have been for you. Judge Hurlbutt's recent decisions are also quite interesting for all of us.

Please find enclosed the proof sheets for claims associated with Lot 7 and some of my notes regarding the usage from Road Creek. I am inclined to treat the irrigation from the East Fork as less than 10 acres based on my viewings of several years ago.

In my conversations with the Maloneys and their tenant at the time I was able to get some background on the/their practices. It wouldn't hurt to have Maloney affidavit the lease agreement for his stated irrigation of Lot 7 in the past or supply you and me with some documentation if possible.

The Road Creek water for Lot 7 isn't possible due to the lack of a diversion into the subdivision. As for Maloney's home place where he has claimed Road Creek usage by way of a pump it would also be advantageous for him to describe for you/me how he accomplished the irrigation. Perhaps a transfer might be the best way to go to demonstrate the move. I'm speaking to A72-00176B which is enclosed for your review.

I enclose a -1409 Ownership Change Form for your use in this matter and will process and return claims in the name of Maloney for your files.

We don't have any word or direction as yet on how we will be assigned for this irrigation season. There is talk of being here in the office reformatting Basin 36 claims once the Supreme Court gets done with their rumoured impasse on Basin Wide Issue 4. I have no feel for this anymore as we are burdened with paperwork as never before.

I haven't seen much of the Bennett faces in the paper for awhile so I assume that everyone is off doing their thing. I look forward to talking with you and Tom again someday soon. Please remember me to Jo Ann. Best wishes.

Sincerely Yours,

RE: The East Fork - Maloney

Dear Frank:

Hope you are hanging in there.

Mike Maloney has acquired a lot in the East Fork Subdivision (Lot 7, Block 2). He doesn't know if the claim filing has been made on the water, although he has been irrigating and using it for years.

Could you check the status and send us a printout so we can either transfer ownership or file.

I've enclosed a copy of the plat so you can locate it in the event you don't have a plat.

Very truly yours,

James R. Bennetts

RE: Snake River Basin Adjudication (SRBA)
Claim Numbers: A72-00230T and A72-00176B renumbered A72-16554

Dear Mr. and Mrs. Maloney:

I am taking the liberty of writing you directly, even though Mr. Bennetts is your attorney of record, because of my conversation with Patty on December 8th, in Challis.

I reviewed your claim number A72-00230T, and was able to add a half of an acre to the irrigated place of use. As we discussed at the meeting, my recommendation can only reflect what is currently being done on the property, and can't include what you plan to do in the future. I think that the place of use as recommended now encompasses the area to the east of the hump that stops gravity flow of irrigation from the East Fork ditch.

I have also recommended claim number A72-00176B for year round stockwater, with a priority date of 4-1-1879. I have, however, changed it to a beneficial use right, and renumbered it A72-16554. This claim is not based upon the 1921 Road Creek decree, which specified irrigation use, but was given the same priority date, because information indicated that stockwatering began at the same time as irrigation on the farmstead, and I have documented that in the file.

Please review the two corrected recommendations carefully. I would appreciate a reply to the new Notice of Error forms, but barring any further communication from you, will proceed with recommending your claims to the SRBA Court as they now appear.

It is looking like the actual Director's Report will go out sometime toward the end of January 1999. If I can be of any assistance to you, on any water right matter, please don't hesitate to call.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Vikie Hancock'.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

PLACE OF USE - 3 AC
Period of use - Irrigation None

2. Describe the changes you wish to make in the proposed recommendation:

Should be 4 Acres total. This acreage more closely reflects the total to be irrigated when some in-field ditch modifications are made.

3. Give a brief explanation as to why you disagree with these portions:

 I AGREE with this proposed recommendation; no changes need to be made.

The rate per acre calculations are based upon a 300 foot run at a 2% slope. An 8 hour set time was also used. Individual graded border evaluations, soil characteristics work sheets, and peak irrigation diversion requirement work sheets have been created and archived separately for each soil type.

Where actual rotation is shorter than the optimal rotation, optimal rotation is the criteria to be used for the recommendation analysis and, therefore, the rotation percentage adjustment is not necessary. The rate becomes the acres per soil type times the rate per acre from the above chart.

DECREE 2-14-1932

Louis, et al - v - Hammond, et al

MEMORANDUM

TO: Decree File No. 72-G -- James Bradshaw, et al., vs. Jacob Leuzinger, et al.
FROM: Roberta Garrett
THROUGH: Dave Tuthill *DT*
DATE: February 19, 1980
SUBJECT: Review of Fridolin Leuzinger's Decreed Rights on East Fork Salmon River

In the decree of 10-31-1921, James Bradshaw, et al., vs. Jacob Leuzinger and Fridolin Leuzinger, Fridolin Leuzinger was decreed 20 inches of the waters of Road Creek (4-1-1874) and 520 inches of East Fork Salmon River (4-1-1910) for lands identified in

T. 10 N., R. 18 E.

Section 13: NE4NW4, S2NW4, N2SW4, SW4SW4

24: NW4NE4, N2NW4

In the decree of 7-26-1933, Raymond Gossi, et al., vs. Phillip Gossi, Fridolin Leuzinger was decreed an additional 120 inches of the waters of East Fork Salmon River (5-1-1880) for lands not listed in the decree of 10-31-1921.

T. 10 N., R. 18 E.

Section 24: S2NW4, NE4SW4

The decree of 2-14-1938, Rosa A. Gossi, et al., vs. Paul Giampedraglia, et al. decreed rights on the East Fork Salmon River and named tributaries. Fridolin Leuzinger and his lands in the two prior decrees on East Fork Salmon River were enjoined in this decree:

T. 10 N., R. 18 E.

Section 13: NE4NW4 (11.36 ac.), S2NW4, N2SW4, SW4SW4

24: NW4, NW4NE4, NE4SW4

This decree supercedes all rights on the East Fork Salmon River leaving in effect all rights on Road Creek aka Marsh Creek in the decree of 10-31-1921 as this creek was not a named tributary in the decree.

MEMORANDUM

Field Exam Notes

Claim No: 72-00230T

9/11/1998

Agent: Vikie Hancock

Kelly Christensen and I walked the Maloney property (lots 8 and 7 claims 72-00230D and 00230T) after talking to the Maloney tenant, Tracy Shaw, who stated that she irrigated the Maloney property. Lot 7 is pasture, and irrigated from the ditch that runs along the east (top) boundary of the property. Only 1/3 of the lot can be gravity irrigated from this ditch, as the ridge of high ground ^{at the top} which begins on Lot 9 to the north continues south here through lot 8, and stops any water from reaching the lower ground to the west, toward the river. There was a small portable gas pump with an intake into the ditch that was used to run one rainbird, but this rainbird was positioned within the top 1/3 of the property, and used to irrigate some higher ground south, near the Dunfee fence. It appeared that much effort, with marginal efficiency, had been spent to keep as much of the pasture watered as was possible.

RELATIONSHIP TO CLAIMANT: IRRIGATES AS TENANT @ MALONEY'S PROPERTY

DIRECTIONS TO PROPERTY / REMARKS:

tenant states that she turns water out from the ditch every 2 weeks - it takes about 1 week to get across the lot before the elevation towards the river @ the W. end of the parcel. During peak run-off had to let pasture dry out as flow was very good in conveyance ditch.

tenant states there is a lease agreement w/ her landlord (Maloney) to irrigate Quinn's lot in exchange for grazing stock. She does so as part of her rental agreement.

NOTE: she has only lived on Maloney place for one year.

Field Exam 9/2/98. Tenant Tracy Shaw. Agents Kelly Christensen & Vicki Hancock walked property known as lot 7 and confirmed Agent Hitchcock's observations.
