To Whom It May Concern :

Having purchased lots 16 and 17 in early 1967 with the intention to build at a later date, we started recreational use of the property almost immediately. At the same time we began clearing and leveling the lakeside area. It was a vacation spot from the beginning. In 1969 we began excavation and foundation rock work for a cabin, which continued until the summer of 1972 when we built the cabin. During the first four years (1967-1972) we erected a tent and camped on the land, using water from the lake for personal use.
