

# SILVER BEACH RESORT WATER SOURCE HISTORY

May 5, 2009

Upon purchase of Silver Beach Resort from Geneva Peterson (SISTER) to JEAN LUKIN (Carol) it was explained to me that their grandparents settled at Silver Beach in 1908 and was handed down to the heirs over the years until my purchase in 1991. The original water source was the year round spring (N.W. of the house) and the lake. In 1993 I was required to drill a well to meet the new requirements of the Clean Water Act. This was done and drilled 4/14/1993 and has been in use since then. Lake water has been used since 1908 as well as the spring water.

The following represents a true and accurate history of water use at Silver Beach Resort, Spirit Lake, Idaho.

Larry L Schlabs  
owner / trustee for the  
Schlabs Family Trust, July
