**I.
INSTRUCTIONS**

1. In responding to these Interrogatories, Requests for Production, and Request for Inspection, you are requested to furnish all information available to you, or subject to your reasonable inquiry, including information in the possession of your attorneys, investigators, employees, agents, representatives, guardians, consultants, expert witnesses, and any other person or persons acting on your behalf, and not merely such information as is known to you by your own personal knowledge.

2. In responding to these requests, you must make a diligent search of your records and all other papers and materials that are in your possession or available to you, or to the individuals described in the preceding paragraph. If any item has subparts, answer each part separately and in full. If you cannot answer any of the following requests in full after exercising due diligence to secure the information necessary to do so, please so state and answer or respond to the extent possible, specifying your inability to answer the remainder and stating whatever information or knowledge you have concerning the unanswered portions.

3. If you object to any request on the ground that the information sought is privileged and non-discoverable, please state the basis for your claim of privilege and, in the case of any request for production, identify the documents and records which you object to producing, in sufficient detail as to enable the Court to rule upon claim of privilege.

4. These requests are deemed to be continuing. If, after responding to these requests, you acquire any further information responsive to them, you are hereby requested,

pursuant to Idaho Rule of Civil Procedure 26(e), to file and serve supplemental answers or responses containing such further information.

5. If you fail to respond to one or more of these requests or if your response to one or more of these requests is evasive or incomplete, Objectors may move the Court for an order compelling you to fully respond to these requests and to pay the reasonable expenses, including attorney fees, incurred by it in obtaining the order.

6. If you fail to produce documents and records requested herein on the grounds that the necessary information, records or documents are not within your care, custody, possession or control, please state what efforts you have made to obtain such information, documents or records.

7. If you fail to respond to any of these requests in full or fail to supplement your answers or responses as requested, Objectors may move the Court for an order precluding you from introducing into evidence, or otherwise using either at trial or on motion for summary judgment, any testimony, witness, exhibit, document, record, publication, or other item or information not timely disclosed in your responses to these requests.
