Subject: Overpaid fees for Late Claim 63-9907

Hello,

We received motion to file late notice of claim 63-9907. Initial review indicates that the fees were overpaid. The motion indicates that they paid a filing fee of \$206.00. Actual filing fee should be \$103.00.

\$50 claim fee
\$50 late fee
\$3 variable fee (\$1 per acre for 3 acres)
Total = \$103.00

The initial hearing is set for June 16, 2009. If at that time we confirm that the claimant did actually pay \$206 as indicated on the motion, a refund of \$103.00 will need to be issued.

This e-mail is meant for informational purposes only, just in case it is pertinent to the initial hearing. No action needs to be taken at this time. If the motion is granted, Sally will initiate the refund.

Craig
