Good day Ken,

Chris Bromley indicated last week in a message to you I am the person processing the water rights for the Mackay Bar owners. Ken Knoblock has his hands full with a major, new adjudication in the river basin around his office. I took the baton from him for meetings with the attorneys for the homeowners and the Corporation. The result of those meetings are what you have seen or will see in the SF5s circulating for signatures. Your recent message containing some of those water right numbers leads me to conclude you have seen the SF5s.

As to your questions about the recent partial decrees and specifically for 77-4045, I will respond as follows. You dutifully submitted a change of ownership no later than 2007. We did not inform the Court of the name change for 77-4045. Chris will request the Court set aside the partial decree for 77-4045 partly for the name but also you will see in a remark for the place of use for 77-4045 reference to 77-2088. You know from the SF5s 77-2088 is split three ways and will no longer exist as a valid water right number. You have seen an SF5 for 77-4045 in the package with a different description of the various elements. I anticipate the Court after receiving the SF5 package of water rights will issue an amended partial decree for 77-4045.

I trust this electronic means of communicating with you is acceptable. I know from the water right file Ken Knoblock and you exchanged letters by mail. I guessed electronic mail may be preferable to you. Get back to me, if you have questions.

Thanks,  
Don
