Hi Dana,
I did not have a copy of the quitclaim deed. Thank you for supplying it. My PPOU concerns are relieved by lease agreements for the land not owned by your clients. The water right file contains documents to address each of the other owners to the permissible place of use. I apologize for not looking there first for answers to the POU questions I raised. The only remaining issue is the minimum stream flow condition.
Thanks,

Don:

After research on the IDWR website and a review of my file, I think I have an answer to your place of use questions regarding 2-7369.

From the IDWR website, I attach a 2003 Change in Ownership and a resulting split of water right no. 2-7369 into 2-12030 (Farris) and 2-10231 (Harper). From my file, I also attach a copy of a 2005 quit claim deed conveying the Farris' interest in 2-10230 to the Harpers.

Please let me know if you have any more questions about this matter.

Thank you,
Dana Hofstetter
