Case No. 39576

AFFIDAVIT OF LARRY KUNZ

STATE OF IDAHO)
 : SS
County of Teton)

LARRY KUNZ, being first duly sworn, deposes and states as follows:

1. I am the President of Teton Rainbow Ranches, Inc., one of the Objectors in the above-entitled case. I have personal knowledge of the information contained herein. I am of full age and competent to testify to the information in this affidavit.

2. I have lived and farmed all of my life around Paradise Springs in the Teton Valley, west of the town of Victor, Idaho. I currently reside at 721 S. 450 W., Victor, Idaho 83455.

3. I own and farm property in Section 30, Township 4 North, Range 45 East, Boise Meridian, Teton County, Idaho, that is located adjacent to the place of use of SRBA Claim Nos. 22-13212 and 22-13503 (the "Claimant's Property"). I am very familiar with the Claimant's property, having lived and farmed around it all of my life, even farming it myself for a time.

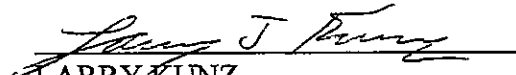

4. In the year 1969, I helped Roy Miller, who then owned the Claimant's Property, install a pump in the ditch near Roy=s house for the purpose of irrigating the Claimant's Property. In fact, I farmed the Claimant's Property that year, which was the first year it was irrigated. To my knowledge, Mr. Reid's property was never irrigated prior to 1969.

5. The Claimant's Property is located up-gradient from the ditch that runs by Roy Miller=s house. Consequently, the Claimant's Property was physically incapable of being irrigated by gravity flow irrigation, which is why the Property was not irrigated until the pump was installed in 1969.

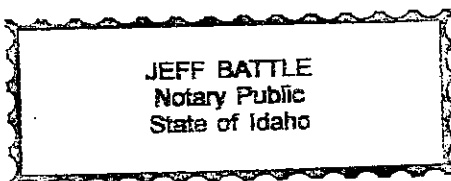

6. Of all of the property irrigated from Paradise Springs, the Claimant's Property was the last to be irrigated. Accordingly, I have always understood it to be the last in priority of water rights irrigated from Paradise Springs.

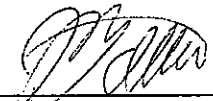

FURTHER YOUR AFFLIANT SAITH NAUGHT.

DATED this 23rd day of June, 2009.
