Re: The Silvon & Fay Murdock Family Trust 22-4123

To the Clerk of the SRBA Court:

While working on an Amended Director's Report for a different subcase in Basin 22, the Idaho Department of Water Resources ("IDWR") discovered a clerical error in the partial decree for the above-referenced subcase. The recommendation IDWR issued on or about December 20, 2006, for subcase number 22-4123 contains a clerical error in the descriptions of the quantity. The Court incorporated the errors into the partial decree. The correct quantity should be 0.37 cfs. Thus, IDWR requests the following corrections be made to the partial decree:

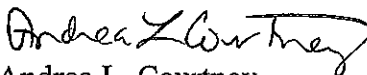

Quantity: ~~.08 cfs~~ **0.37 cfs**

Purpose and Period of Use: Irrigation 4/15 to 10/31 ~~0.08 cfs~~ **0.37 cfs**

IDWR respectfully requests the Court set aside the partial decree previously filed and re-issue the partial decree with the corrections listed above.

If you have questions about this matter, please contact me at (208) 287-4810.

Sincerely,

Andrea L. Courtney
