RE: Change of Ownership for water right 73-12044

Dear George and Phillip,

I spoke with George on the phone this morning and we discussed changing the recommended priority date for 73-12044. That paperwork is being sent to you in a separate mailing.

We also discussed changing the ownership listed on the water right. My understanding was that changing the ownership was not necessary to resolve the objection, but I wanted to send you the appropriate forms incase you wanted to pursue changing ownership of the water right down the road.

Right now the water right shows the owners as being George and or Phillip Miller. The objection to 73-12044 filed on your behalf by Roxanne Brown of SPF engineering states that the ownership should be in the name of **George Miller and The Phillip R. and Chelda M. Miller Trust**

In order to make that change, IDWR needs documentation showing that ownership of the property the water right is applicable to is now in the name of the trust. This is generally in the form of a warranty deed.

For your convenience, I am enclosing a Notice of Change in Water Right Ownership form. If you do want to change the name of the owner on the water right, please complete the form and submit it to this office with the necessary documentation. There is no fee to change the ownership of the water right now, but after the water right is partially decreed by the SRBA court, there will be a fee to change ownership

Sincerely,

Craig L. Saxton
Water Right Supervisor
