Date: July 29, 2009

To: File 27-12192 and 27-12193

RE: Late claims 27-12192 and 27-12193

On July 29, 2009, Sally Sherman gave me two late claims that had been granted by the court. She had pointed out that she could not find copies of the motions we originally receive several months ahead of time.

I checked our late claim access database as well as a personal tracking sheet and could not verify that we had ever received copies of the motions.

I printed off the motions from the back file and conducted an initial review of the claims as well as did the data entry for both 27-12192 and 27-12193.

My analysis determined that filing fees were overpaid.

27-12192: Paid \$250: C089051

Owed: \$50 claim fee
\$50 late fee
\$105 (\$1 per acre at 105 acres)
\$205 total

Need to refund \$45 to claimant

27-12193: Paid \$223 : C089052

Owed: \$50 claim fee
\$50 late fee
\$23 (\$100 per cfs at 0.23 cfs)
\$123 total

Need to refund \$100 to claimant.

Total refund to claimant should be **\$145.00**
