Twin Falls, Idaho 83303-2707

RE: Subcase 75-14063 (Jesse Creek/Blackadar)

Dear Special Master Dolan:

Enclosed please find a corrected recommendation for the above-referenced subcase. In the 706 report for 75-14 *et al.* (Jesse Creek/Blackadar), the Department stated that Pollard Canyon Creek is tributary to Jesse Creek, not tributary to Salmon River. However, in Exhibit 1 submitted at the July 15-16 trial in this matter, the recommendation for 75-14063 still inadvertently included the mistake of having Pollard Canyon Creek tributary to the Salmon River. The Department has contacted Mr. Blackadar regarding this error and he has no objection to the Department bringing this to the court's attention.

The Department apologizes for any inconvenience this may cause the Court.

Sincerely,

GARRICK BAXTER
Deputy Attorney General
Idaho Department of Water Resources
