Subject: Filing fees for 79-14229

The SRBA court approved late claim 79-14229 on July 23, 2009. Attached to the order granting the motion is a copy of receipt W035044 for \$100 for a transfer application. There is a hand written note on the receipt:

Fee will be used for SRBA claim if court accepts late claim. App for transfer will be withdrawn upon acceptance of late claim. KW 4-1-2009

Filing fees are supposed to be paid by withdrawing the transfer that was paid for under receipt W035044, and then applying those fees to claim 79-14229. The transfer that was filed is associated with water right 79-4009B. At this time, there is no evidence that the transfer application has been withdrawn. This claim will remain at temporary status until verification is received that claim filing fees of \$25 have been paid.
