OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

~~To the extent necessary for administration between points of diversion for ground water, and between points of diversion for ground water and hydraulically connected surface sources, ground water was first diverted under this right at the 13th St. Well located in T3N, R2E, Sec. 10, NWNW.~~

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

After specific notification by the department, the right holder shall annually report the amount of water diverted to the department.

Approval of Transfer 4998 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

~~The total instantaneous diversion of water from all points of diversion under Transfer 4998 shall not exceed 9.24 cfs.~~

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

Place of use is within the service area of United Water Idaho as provided for under Idaho law. The place of use is generally described as within the city limits of Boise and the surrounding service area.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

~~To the extent necessary for administration between points of diversion for ground water, and between points of diversion for ground water and hydraulically connected surface sources, ground water was first diverted under this right at the 16th St. Well located in T3N, R2E, Sec. 9, SENW.~~

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

Approval of Transfer 4998 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

After specific notification by the department, the right holder shall annually report the amount of water diverted to the department.

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

Approval of Transfer 4998 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

After specific notification by the department, the right holder shall annually report the amount of water diverted to the department.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.

Approval of Transfer 4998 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

After specific notification by the department, the right holder shall annually report the amount of water diverted to the department.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
