Report to the SRBA District Court

Prepared by the Idaho Department of Water Resources
Gary Spackman, Interim Director
Donald V. Shaff, Adjudication Bureau Chief

August 24, 2009

DESCRIPTIVE SUMMARY

This is an Amended Director's Report submitted by the Interim Director of the Idaho Department of Water Resources.

DISCUSSION

On June 26, 2009, the Court issued its Second Order Resetting Deadlines in subcases 75-10330, 75-14095, 75-14097, 75-14162, 75-14163, 75-14269, 75-14381, 75-14383, 75-14432, 75-14434, 75-14437, 75-14438 and 75-14440. In the order, the Court requested that the Department review these Lower Wallace Creek water rights and, if warranted, issue amended recommendations.

The Department has undertaken an extensive review of Lower Wallace Creek water rights. Through this review, the Department determined it is necessary to amend its recommendations for the Lower Wallace Creek subcases identified in the June 26, 2009, order except for 75-10330. Amended recommendations for the following rights accompany this report:

75-14095
75-14097
75-14162
75-14163
75-14269
75-14381
75-14383
75-14432
75-14434
75-14437
75-14438
75-14440

In the course of this review, the Department also identified significant issues with a number of other water right recommendations in Lower Wallace Creek. For the Court to have the most accurate recording of water rights in Lower Wallace Creek, it is

necessary for the Department to amend its recommendation for a number of other water rights as well. As such the Department is also submitting proposed new recommendations for the following cases:

75-83B*
75-83C*
75-13948*
75-13950*
75-13986*
75-13988*
75-14382
75-14384
75-14433*
75-14435*
75-14439
75-14444*
75-14445*
75-14446*
75-14447*

This list includes water rights that have already been partially decreed. The water rights that have already been decreed are indicated with an asterisk.

Under a different filing, the Department is also submitting a Director's Report for a series of previously unrecommended splits from Lower Wallace Creek. These are:

75-14554
75-14555
75-14577
75-14586

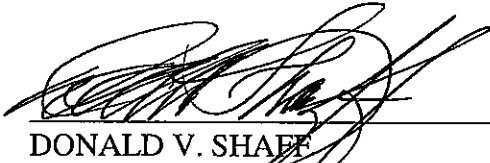

The Department will be asking the Court to set an objection and response deadline consistent with the amended recommendations for these rights.

Finally, the Department's recommendations associated with all these rights are contingent upon the following water rights remaining disallowed:

75-83K
75-84G
75-84H

75-14091
75-14096
75-14098
75-14164
75-14305
75-14306

The Department request that the above previously disallowed water rights be identified as overlaps to the above filed amended recommendations and tracked together for subcase resolution.

DONALD V. SHAFF
Adjudication Bureau Chief
