E. REASONS SUPPORTING OBJECTION(S): _____

There is no basis for including a combined use limitation in this water right. Other rights listed in the remark do not have the same limitation. A Beneficial Use Field Examiner's report for 2-2209 shows the priority date should be February 25, 1963. A Motion to File Amended Claim to reflect this also has been filed. A remark should be included to alert IDWR that Black Mesa's rights are not limited by other rights that have been decreed or Recommended with a place of use in Section 12 (and vice versa).
