

[illegible]

An aerial photograph of a desert landscape featuring a winding creek labeled "Goldberg Creek". A red-outlined area in the upper right is labeled "Upper Field". In the lower left, two yellow arrows point towards each other along the creek; one is labeled "Lower Field" and the other "To Lower Field". Handwritten notes include "upper To Lower Field 73-10003 73-2169" near the top arrow and "To Upper Field 73-167 73-2058 73-10003" near the bottom arrow. A large yellow rectangular stamp in the center contains the text "This is about as close as I can pinpoint them", "RECEIVED SEP 16 2009", and "DEPARTMENT OF WATER RESOURCES". Two green stars mark specific locations on the map. The terrain is arid with visible soil patterns and some sparse vegetation.

An aerial photograph of a desert landscape featuring a winding creek labeled "Goldberg Creek". A red-outlined area in the upper right is labeled "Upper Field". In the lower left, two yellow plus signs mark specific locations; one is labeled "To Lower Field" with coordinates 73-10003 and 73-2169, and the other is labeled "To Upper Field" with coordinates 73-167, 73-2058, and 73-10003. Handwritten labels include "Lower Field" along the creek and "Upper Ditch" near a yellow arrow pointing to a linear feature. A large yellow rectangular stamp at the bottom center contains the text: "This is about as close as I can pinpoint them", "RECEIVED SEP 16 2009", and "DEPARTMENT OF WATER RESOURCES". Two green stars are visible on the right side of the map.
