Re: Snake River Basin Adjudication
73-10006, 7310007, 73-11995, 73-11977

Dear Billy,

I don't think we have a better way of exchanging information about the location of the springs and wells around the house than by you marking the locations on the map enclosed and returning it to me, as I indicated in our telephone conversation.

73-10006 – 1984 domestic well
73-10007 - 1939 domestic well
73-11995 – House springs
73-11977 – warm spring

Please label in some clear way each location provided the locations are unique and different. As I said, I am having trouble seeing one from the other, and we have the locations overlapping in a couple of cases. Of course, looking at 73-11977 started me down this path. I am trying to reach your objective of getting a recommended right for the warm spring. The disallowed recommendation before the Court maintains the only a single source exists.

Thanks for your help, Billy.

Sincerely,

Donald V. Shaff, MPA
Adjudication Bureau Chief
