_____	) ORDER SETTING DEADLINES

No objections were filed to the *Director's Report* for the above-captioned water right claim. However, in the Court's review of the uncontested water rights in Basin 75, the court inquired of IDWR as to whether the quantity element for the right was accurately described. IDWR responded that the recommendation for the right in the *Director's Report* should be corrected so that the overall quantity of the right is equal to the sum of the quantities allocated to the two purposes of use.

In accordance with the foregoing, the following are hereby **ordered**:

1) IDWR shall file an *Amended Director's Report* for the above-captioned water right claim no later than **November 30, 2009**.

2) Notice of the filing of the *Amended Director's Report* shall be published on the Court's Docket Sheet in December, 2009, and objections to the *Amended Director's Report* shall be filed by **December 28, 2009**.
