Hi Annette,

Thanks for your quick response and your fax, and all of the other information you've sent today. Chris and I spoke with Jock this afternoon about IDWR's decisions concerning the water rights and I anticipate Jock will be contacting you before our next hearing. Thanks!

Monica

Hello Monica,
No No pardon my ignorance, the 49 acres must cover Parcel A, B, and C. See fax machine.
Thanks very much for looking into everything. Really you have been great along with Chris.
When you get time to catch your breath give me a call and we can finalize the plan for the 9th.

Regards,
Annette

Hi Annette,

Pardon my ignorance, but whose property is Parcel B and whose is Parcel C? The taxlot data does not identify them as parcels B or C. That will help me answer your question. Thanks!

Monica

Hi Monica,

Well..... Yes, i think so. What do think? I mean the 49 acres that had the water rights are in Parcel B....And why should they be taken away and given to property upriver in Parcel C....? I dont get it ? Am I way off base here...?

Much Thanks
Annette

Hi Annette,

Thanks for your response, and all the faxes. I will spend some time over the next days going through them.

Are you saying the outlines (blue, red and pink) that IDWR put together based on the Lemhi Adjudication maps are incorrect, and the 49 acres originally decreed should have been allotted differently?

Thanks!

Monica

Hi Annette,

Pardon my tardiness in getting these maps to you; I have had numerous interruptions this morning.

I am including two maps.

The first page is a map where I've shown the aerial photos from 1987 and, on top of those photos, I've put the old Lemhi Adjudication maps. You can see the fields called out under 74-1025 in the decree.

The second page is the exact same map, only without the Lemhi Adjudication maps.

Your 62.5-acre Place of Use (POU), which is your base right and your enlargement put together, is shown in blue. The Henry right is shown in red. The remaining McCullough right, which was decreed to what is now the Charlie Brown place, is shown in pink at the far south. The map legend on the lower left can tell you this, as well.

As you can see, the part that now belongs to the Charlie Brown place (but is still in the name McCullough) never belonged to the property you currently own, so would not have been conveyed in the land sale.

I have not seen your fax of the deeds yet, but I have put our receptionist on alert for it.

Please call me at the number below if you have any questions, and I know you have Chris's number, as well.
