Water Right 2-40

Originally date claimed 04/01/1952

The picture shown in Figure 1 is of what is now known at North Park and is that area irrigated under water right 2-40. The picture clearly shows the being irrigated. The back of the picture is dated May 27, 1957. The picture shows a well developed lawn in the park. This should establish a priority date of no later than May 27, 1957. However given the maturity of the lawn it is reasonable to assume the lawn had to have been established at least one year prior to the date this photograph was taken.

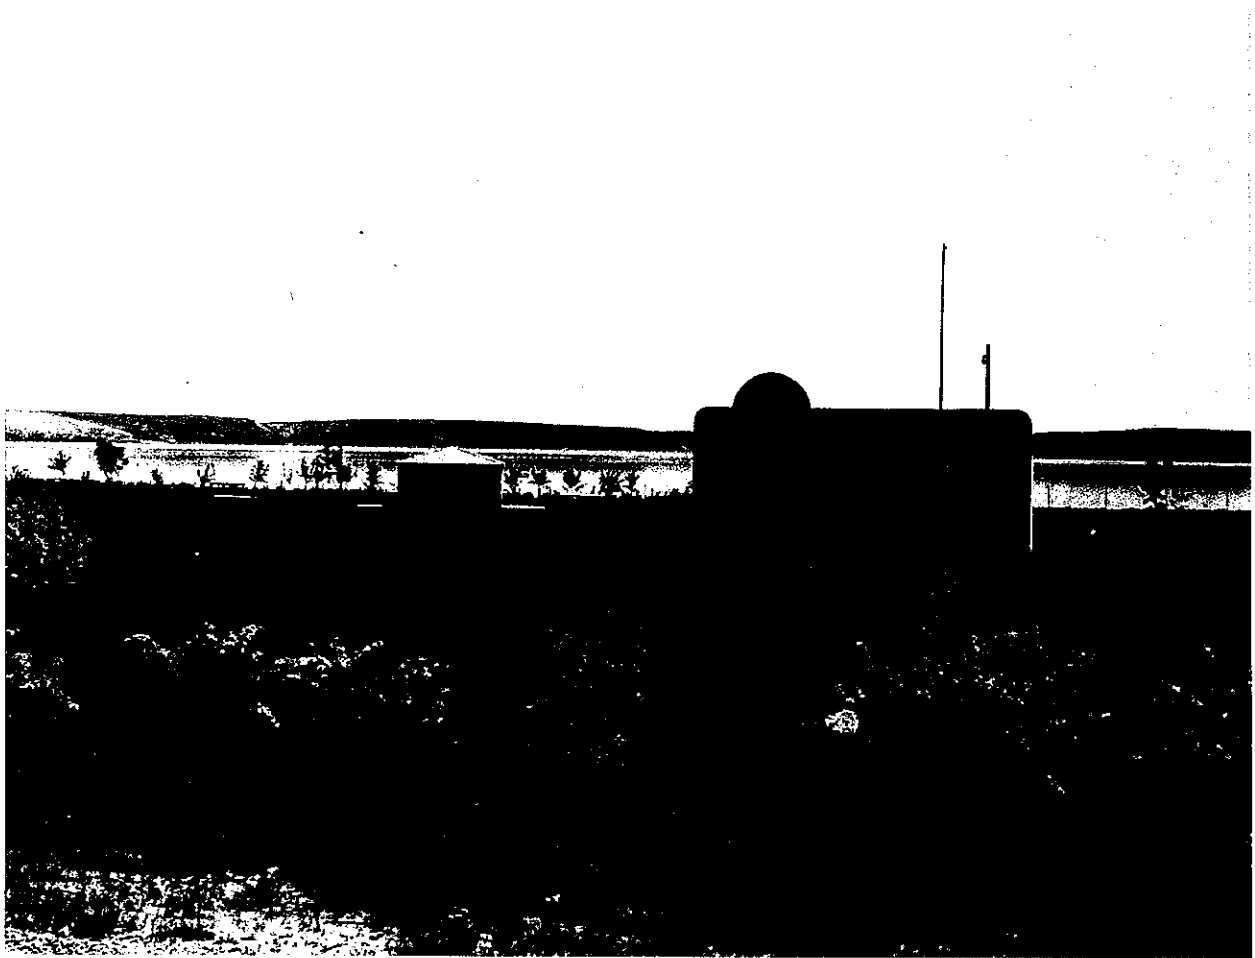

Figure 1: Irrigation of area now known as North Park at CJ Strike Reservoir. Photo dated May 27, 1957 (See Figure 2).
