Re: Notice of Change of Water Right Ownership for Crystal Springs Land & Cattle, et al.

Dear Ernie:

Enclosed please find a completed Notice of Change of Water Right Ownership and its associated documents. Because the water rights are still in the name of Gary & LaVon Grandy, we have obtained a chain of title back to when they owned the property previous to them conveying it to the Triangle G Trust. The Triangle G Trust then conveyed the property in various percentages to approximately 18 entities and individuals. That deed is dated October 12, 2007. Then, on June 4, 2008, there was a reallocation of percentages among the entities. I have enclosed a spreadsheet that shows the current ownership percentages. This does not appear to be necessary for your purposes, but I wanted to ensure that we were clear on the transaction that occurred. I therefore anticipate that there will be 18 owners of the water rights listed.

Additionally, we note that three of the water rights were either licensed or have already received a Partial Decree. Therefore, we have enclosed \$25.00 per water right, for a total of \$75.00. The other three water rights remain pending before the SRBA Court, and therefore, are exempt from the filing fee.

I am forwarding this to you because of your involvement with these water rights, and in particular, Water Right No. 22-13915. Given your involvement, I have not provided a map, as you surely have a map depicting the place of use. None of the water rights will be split, as they were all entirely a part of the original Grandy property.

If you have any questions or concerns, please let me know. With the Notice of Change of Ownership filed, I anticipate an NCAP will be filed with the SRBA Court.

Established in 1896

Thereafter, I would anticipate SF5s to be circulated amongst the parties. I appreciate your assistance with this matter.

Best Regards,
