)
) ORDER SETTING DEADLINES

A status conference was held in the above-captioned subcase on December 1, 2009. At the status conference the representative of the Idaho Department of Water Resources stated that the *Amended Director's Report* filed September 28, 2009, inadvertently failed to split the right into the diversionary (irrigation and diverted stockwater) from the non-diversionary (instream stockwater) uses.

In accordance with the foregoing, the following are hereby ordered:

1) IDWR shall file a *Second Amended Director's Report* for the above-captioned water right claim no later than **December 31, 2009**.

2) Notice of the filing of the *Second Amended Director's Report* shall be published on the Court's Docket Sheet in January, 2010. Objections to the *Second Amended Director's Report* shall be filed by **January 28, 2010**.

3) The objection previously filed by the Twin Falls Canal Company shall not survive the filing of the *Second Amended Director's Report*, and therefore the TFCC is required to file a new objection if it disagrees with the *Second Amended Director's Report*.
