RE: NIA CLAIM FILING 95-10014

Dear Mr. Hardy,

Your claim above is filed for Domestic uses with IDWR and further clarification is needed to finish the recommendation of your water right. The following items need to be addressed:

1. Fee for Domestic claims is \$25.00. You paid \$50.00. Was your intent to claim 2 separate home claims? You may be able to split this claim into two parts; one for your home and one for your neighbor's.
2. I was unable to identify the location of your neighbor's home to correctly describe the Place of Use (POU); a map would clarify this.
3. The use of water for a fish pond may require the filing of a Permit for a water right. More details are needed to determine the extent of your project and water uses.
4. Irrigation beyond ½ acre, as allowed under a Domestic use, requires a Permit for a water right. You can develop one Permit for the Fish use and irrigation use.

These issues can be discussed with me via phone, email or mail; or, you may want to contact our Coeur D'Alene office and meet with staff there to review your options. Their office and phone:
