AMENDED NOTICE OF FILING OF DIRECTOR'S REPORT FOR SUBCASE NUMBERS 75-14554, 75-14555, 75-14577, AND 75-14586

The original Notice of Filing of Director's Report for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586 was filed on or about August 24, 2009 by the Director of the Idaho Department of Water Resources (IDWR). Subsequent to that filing, it was discovered that not all the appropriate parties were served. Therefore, IDWR finds it necessary to file an Amended Notice of Filing of Director's Report for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586 to ensure that all appropriate parties have been included in the mailing. The objection and response dates have been adjusted to reflect a new filing date.

IDWR has filed with the Snake River Basin Adjudication (SRBA) District Court the Director's Reports for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586. This filing is for the claims which were not included in the original Director's Report for the above-listed basin. The Director's Report for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586 includes the Director's recommendation to the SRBA Court as to how this claimed water right should be decreed in the SRBA.

Why am I getting this mailing?

You have received this mailing because IDWR has identified one or more claims that you have an interest in and which IDWR has not previously recommended to the SRBA District Court. This mailing contains the Director's recommendations to the SRBA Court of your claims. However, your mailing **does not** contain the Director's recommendations of any claims other than your own. You may wish to review the Director's recommendations of other late and miscellaneous claims. To do this, you need to review the entire Notice of Filing of Director's Report for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586.

A complete copy of the Director's Reports for subcase numbers 75-14554, 75-14555, 75-14577, and 75-14586 listing all of these irrigation and other rights claimed under state law is available at the SRBA courthouse in Twin Falls and at the locations listed at the end of this notice. Copies of the report can be made, but you may be charged for copying and mailing. Maps of these reporting areas, as well as other information pertaining to the SRBA can be accessed on the internet at: <http://www.idwr.idaho.gov>.

You may need to review subsequent Director's Reports. Claims in which you have an interest may be reported in them. You will not receive notice of future Director's Reports as they are filed with the SRBA Court unless you have water right claims that are reported in them. Therefore, if you are interested in the status of other water rights belonging to other people that have not yet been recommended by IDWR, you should check in periodically with the Court's docket sheet or the internet web page about the schedule for filing future reports. The Court's internet web page can be found at: <http://www.srba.state.id.us>. Information about subscribing to the court's docket sheet is provided on page three of this notice.

INSTRUCTIONS FOR REVIEWING YOUR OWN WATER RIGHT

The description of your right, which is enclosed, is only the Director's *recommendation* to the SRBA Court on your water right. The Court will decide how it will decree your water right. You are free to agree or disagree with the Director's recommendation. If you agree with the Director's recommendation you do not need to do anything, pending further notice as described below. If you disagree with the Director's recommendation, you need to file an objection as described below.

INSTRUCTIONS FOR REVIEWING THE WATER RIGHTS OF OTHERS

The Notice of Filing of Director's Report for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586 contains recommendations to the SRBA Court on your water right. The Director's recommendations in the report are listed in two sections of the report:

If you want to review someone else's water right you need to look at the complete Director's Report, which is available at the SRBA courthouse in Twin Falls and at the locations listed below. Copies of the complete report can be made, but you may be charged for copying and mailing.

INSTRUCTIONS FOR TAKING A WATER RIGHT CLAIM TO COURT

What do I do if I disagree with a recommendation?

If you disagree with any element of the recommendation for your water right or anyone else's water right and want to be heard in court, file an objection with the SRBA Court. Objections must be made on the standard objection form ("Standard Form 1") available from any IDWR office or from the SRBA Court. You may also download a copy of the objection form from the SRBA web site at: <http://www.srba.state.id.us>.

Your objection must be **received** by the SRBA Court on or before **January 15, 2010**.

What do I do if someone else objects to my water right recommendation?

If someone files an objection to your water right, or anyone else's water right, you may file a response to that objection. Responses to objections must be made on the standard response form ("Standard Form 2") available from any IDWR office or from the SRBA Court. You may also download a copy of the response form from the SRBA web site at: <http://www.srba.state.id.us>.

Your response must be **received** by the SRBA Court on or before **March 19, 2010**.

What do I do if I want to participate in the court case on someone else's water right?

If you want to be involved in the court case on any water right in the Director's Report, you must file either an objection or a response by the dates listed above.

What happens if there are no objections to a water right?

After the deadline for filing objections and responses, the recommendation will be assigned to a Special Master for further proceeding.

How will I know about the proceedings on water right recommendations to which objections were filed?

A notice will be mailed to you for court dates on your water right or for those where you filed an objection or a response. You will not receive notice of court dates on any other water right recommendations.

Additional information regarding water right claims can be found on the SRBA Court's web site at: <http://www.srba.state.id.us>.

Note: The SRBA Court publishes a monthly Docket Sheet listing all objections and responses filed, as well as when Director's Reports are filed. It does not list court dates for individual water right cases, but provides general information helpful to all participants in the SRBA.

The Docket Sheet is available at your county courthouse and all IDWR offices, or you may subscribe by contacting the SRBA Court or IDWR. The annual subscription fee is \$7.50. The Docket Sheet is also available on the SRBA web site at: <http://www.srba.state.id.us>.

IMPORTANT INFORMATION REGARDING GENERAL PROVISIONS

General provisions are those parts of the SRBA Court's decree that apply to all the water rights in a basin, or to classes of similarly situated water rights within a basin. IDWR recommends to the SRBA Court the general provisions it believes should be decreed in a basin when it files with the court its Director's Report for the basin. At that time, any party may object to the recommended general provisions.

The Director in his previous Director's Reports for irrigation and other water rights in the basins included in this Notice of Filing of Director's Report for Subcase Numbers 75-14554, 75-14555, 75-14577, and 75-14586, has already recommended the general provisions for the above-listed basins. The objection period for the general provisions in the above-listed basins has expired. Therefore, it is too late for you to object to the general provisions governing your late claims. You may obtain a copy of the General Provisions for your basin from the SRBA District Court in Twin Falls or at the courthouse location nearest to your basin. You may be charged for copying and mailing. You may also view the General Provisions for every basin within the SRBA by going to IDWR's website at: <http://www.idwr.idaho.gov>. It is possible that in the future the SRBA Court will entertain recommendations for additional general provisions. Should that occur, an opportunity to object to those additional general provisions will be provided. It is your responsibility to monitor the SRBA case through the Docket Sheet discussed above.

CHANGES OF ADDRESS OR OWNERSHIP DURING THE SRBA COURT CASE

You must contact your regional IDWR office with your address change or if the ownership of your water right changes. Failure to notify IDWR may result in the loss of your water rights.

ADDITIONAL INFORMATION

If you have questions about the SRBA, public information brochures are available at any IDWR office. Maps and aerial photography of this reporting area, as well as assistance in using the maps and the photography, are available at the IDWR Regional office nearest to the location of your water right. You are also welcome to call IDWR at any of its offices or the SRBA Court. You may also want to consider contacting an attorney to assist you.

DEFINITIONS OF THE ELEMENTS OF YOUR WATER RIGHT

RIGHT NUMBER: Your water right is identified by a number assigned by IDWR. The first two digits identify IDWR's administrative basin number; for example, 29, 35, or 75.

NAME AND ADDRESS: Your name and address should appear here. IDWR will use the most recent name and address in its records for the water right.

SOURCE: The name and/or type of the source where you divert your water. For example: "*groundwater*," "*unnamed spring*," or "*Common Creek*."

QUANTITY: The amount of water recommended in either cubic feet per second (cfs) and/or the volume of water in acre feet per year (AFY).

PRIORITY DATE: The date used to determine the priority of your right in relation to other rights using water from the same source.

POINT OF DIVERSION: The legal location where you divert water from its source; generally described as 1/4 1/4 sections down to a 40-acre tract, or smaller. Other legal descriptions that might be used are government lots, block, subdivision, parcel numbers, townsite names, mining claim information, homestead entry surveys, or other survey information.

PURPOSE OF USE: The general category of the type of use you can make of your water. Typical purposes of use include irrigation, domestic, or stock watering.

PERIOD OF USE: The period of time during the year when you can use the water for your right.

PLACE OF USE: The legal location where you use your water right; generally described as 1/4 1/4 sections down to a 40-acre tract. Other legal descriptions that might be used are government lots, block, subdivision, parcel numbers, townsite names, mining claim information, homestead entry surveys, or other survey information.

PLACE OF USE FOR IRRIGATION PROJECTS: Pursuant to Idaho Code Sections 42-219(2) and 42-1411(2)(h). IDWR has included GIS mapping for describing the place of use (digital boundary) for water rights meeting certain criteria (i.e. irrigation projects). The **PLACE OF USE** for irrigation projects is reported in digital format and uses GIS technology to particularly identify and display a geographic area encompassing the place of use with the aid of a computer. The GIS data is stored in digital format and contained on a CD-ROM and is properly marked for identification with the water right number. The CD-ROM will be retained by the SRBA Court. IDWR also retains a duplicate of the original CD-ROM. The electronic data contained on the CD-ROM is available for public use and is also accessible through the IDWR internet website (<http://www.idwr.idaho.gov>). *Upon request, IDWR will provide a copy of the CD-ROM with the electronic data to claimants.*

BASIS OF CLAIM: The method that was used to establish your claim. Examples include prior decree, posted notice, beneficial use (historical) method, license, or permit.

DUAL BASED CLAIMS: In some cases, the federal government has claimed one right under two theories: a state basis and a federal law basis. Both theories will be reported on one form for that single water right. In most cases, the priority dates are different and will be listed separately. The federal law basis is separately indicated by a remark under the priority date that reads:

4/17/1926 CLAIMED UNDER FEDERAL RESERVED WATER RIGHT

THIS WATER RIGHT IS ALSO CLAIMED BASED ON FEDERAL LAW WITH AN APRIL 17, 1926,
DATE OF PRIORITY PURSUANT TO AN EXECUTIVE ORDER SIGNED THE SAME DATE AND
KNOWN AS PUBLIC WATER RESERVE 107.

IDWR does not investigate or make recommendations regarding federal law based claims.
