RE: 21-24A et al. Water Rights

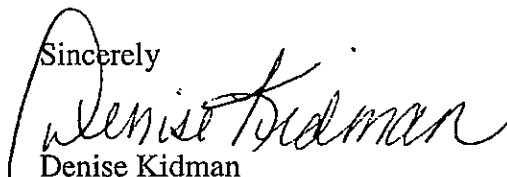

Dear LaDonna,

This letter is to inquire whether there has been any progress made with the issue of property ownership. To resolve an objection concerning the digital boundary for Fremont-Madison Irrigation District (FMID), considerable work has been done to remove BLM land within the boundary. After reviewing the amended boundary, you notified me about some discrepancies with private land and BLM land. The records that IDWR and BLM have show that BLM is the owner of the acres in question. The last correspondence I received suggested that FMID had requested some updated data from Madison County to confirm the correct ownership.

As of today, IDWR has not received any notification that FMID has received that data from Madison County. IDWR would like to move forward and resolve FMID's objection but can't proceed until we receive the information from you. I have included seven maps that show BLM/BOR land that needs to be removed from the digital boundary. I am uncertain of the exact location of the private land you claim should be kept in the digital boundary.

If this matter could be investigated and resolved, it would be greatly appreciated.

Sincerely

Denise Kidman
Water Resource Agent
