This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

The right holder shall accomplish the change authorized by transfer 75303 by February 27, 2010.

Failure of the right holder to comply with the conditions of transfer 75303 is cause for the Director to rescind approval of the transfer.

Prior to the diversion and use of water under Transfer approval 75303, the right holder shall install and maintain acceptable measuring device(s), including data logger(s), at the authorized point(s) of diversion and in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.

The following rights are diverted through point of diversion described above: 35-11076, 35-13508, 35-13512, 35-13514.

This right is a split from former right 35-2470.

A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
