Dear Mr. and Mrs. Doherty:

Thanks for the claim information that you submitted to the Idaho Department of Water Resources (IDWR) Northern Region office. Your claim has been assigned number 92-10054. A photocopy of your claim is enclosed. Your priority date should be the date your residence was connected to the well on your property. Additional information is needed from you before IDWR can complete claim processing and make a recommendation to the Court for the Northern Idaho Adjudication.

Please refer to the enclosed 2009 air photo map and Well Driller's reports. Please mark and label the location of your well and home on the map using a dark marker. Block 13 of your claim provides well information that I used to search IDWR's well construction database. The Well Tag number shown on one of the enclosed Driller's reports (#1 at top of Report) should match the tag number that has been welded to your well casing. Please check the tag number that is present on your well and mail the correct Report and marked map to me at the address shown above.

I can be contacted at the IDWR Northern Region office via telephone at (208) 762.2800 if you have any questions. Please note that our office in Coeur d'Alene has moved from our former location on Northwest Avenue to the address shown above.

Respectfully,

Shaun M. Maxey
