RE: Change in Ownership for Water Right Nos. 63-8825 and 63-10713

Dear Mr. Davis:

The Department of Water Resources received a request for a Notice of Change in Water Right Ownership on April 12, 2006 for portions of the above referenced water rights. After reviewing the documents submitted we requested that you submit additional deeds to provide evidence of ownership of the properties appurtenant to these rights.

On March 19, 2009, we requested you submit a complete copy of a deed that would document ownership of the property and allow us to change the water rights. As of this date we have not received the requested information that would allow us to complete the ownership change. Since we cannot proceed with the change with the submitted information we are returning it to you. If, at a later date, you wish to resubmit this request you may send the enclosed ownership change request form, along with the required support data and filing fees, and we may be able to complete the change for you.

If you have any questions regarding this matter, please feel free to contact me at 334-2190.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
